

04.01.2022.

For EIT Digital master students

Funded by the
European Union

The Faculty of Informatics of ELTE offers a merit-based 1-year grant for top EIT Digital master students enrolled at ELTE.

The grant consists of the following items:

	Citizen of an EU/EEA country or Switzerland	Citizen of a non-EU/EEA country
scholarship	2 000 EUR (200 EUR per month for Sept-Jan and	10 000 EUR (1 000 EUR per month for September-

They submitted their application to and got accepted by the EIT Digital Master School in 2022.

They applied to and got admitted by ELTE to one of the EIT Digital master programmes (Autonomous Systems, Cyber Security, Data Science, FinTech).

They get enrolled to ELTE for the entry or the exit year of their EIT Digital master studies and completed all previous study obligations within the EIT Digital Master School:

- For entry year students: In order to be eligible for the grant for the February-June period, they need to complete 100% of the course work during the first semester and thus obtain 30 ECTS.
- For exit year students: In order to be eligible for the grant for the September-January period, they need to submit their transcript of records for the entry year certifying the completion of 100% of the course work during the entry year, thus the attainment of 60 ECTS. And in order to be eligible for the grant for the February-June period, they need to complete 100% of the course work during the first semester and thus obtain 30 ECTS.

They are not awarded with any other scholarship for the year spent at ELTE within the EIT Digital Master School (including the one offered by EIT Digital).

Please note that students are eligible for the above-mentioned grant for the academic year they spend at ELTE.
